Overland, Park, Kansas

Dear Mr. Dula:

Please find enclosed the aerial photos of City Plat Book pages 1, 2, 3, 4, 54, 57, 58 and 184 as requested in your letter of September 4, 1987.

Storm sewer system maps are also enclosed. The storm sewer was first constructed on the north side of Seventh Street in the year 1952 at approximate depths of 3 to 4 feet. It was designed to flow to the east to the existing drainage ditch, which is still being used. In the year 1985, Seventh Street underwent reconstruction and a widening program, at which time the storm sewer system was constructed on the south side. Flowline was designed to flow to the east to the existing drainage ditch. Depths are shown on plans.

Chronology of businesses which have existed on the present Site #1 (1309 E. 7th) Hardees - 1987, Town and Country Drive Inn - 1976 - 1985, A & W Drive Inn - 1970 - 1976. Prior to 1970 it was a field.

Site #2 (1205 E. 7th) Vacant - 1987, Iowa Department of Transportation - 1974 - 1986, Shrauger Appliance - 1960 - 1974. Prior to 1960 site could possibly have been a dry cleaning facility. No records are available in the Atlantic Municipal Utilities files to verify this.

If you have any further questions or need any more material, please feel free to contact me at 712-243-1395.

Sincerely,

ATLANTIC MUNICIPAL UTILITIES
